

Product information

Bodykleen

SU408/L
Bodykleen

Product Description

A solvent and detergent cleaner which will remove most water and some solvent based contaminants from vehicles finishes prior to sanding. Ideal for cleaning of plastic substrates, removal of standing sludge and neutralising chemically stripped surfaces.

Application Guide:

Mixing Ratio:

	By volume:	
Bumper bars, Normal Traffic Film	Bodykleen Water	1 Part 4 Parts
Heavy oil, grease silicone polishes, plastic, mould release agents	Bodykleen Water	1 Part 1 Part

Application

Apply mixed Bodykleen to panel with Spray atomiser bottle, Mirlon pad, brush, sponge, or cloth. Leave on surface for a few minutes. Do not allow to dry on surface. Rinse thoroughly with clean water.

Performance Guidelines

1. Do not allow the Bodykleen mixture to dry on surface. Keep off plastic parts not being painted.
2. Repeat cleaning procedure on plastics to remove mold release agents.
3. Use only recommended PPG products.

Health and Safety

Please refer to Material Safety Data Sheets for full Health and Safety details and storage regulations.
